POWER YOUR PROFITABILITY

RELIABLE POWER SOLUTIONS FOR MANUFACTURING

PROCELL[®] offers the world's first dual-portfolio professional batteries. By selecting the right battery to match the power needs of your professional device, you can make your batteries last longer* and replace them less often. All PROCELL[®] batteries are manufactured using superior cell design ensuring our highest quality cell construction. Our batteries are tested in order to guarantee the highest quality and reliable performance.

PROCELL[®] INTENSE POWER (FOR HIGH DRAIN DEVICES)

A new battery range specifically engineered to deliver precise pulses of energy while lasting up to 50% longer* in high-drain professional devices** such as flashlights, electric staplers, touchless hand sanitizer dispensers, touchless restroom devices, and two-way radios.

PROCELL[®] CONSTANT POWER (FOR LOW TO MEDIUM DRAIN DEVICES)

A new battery range specifically engineered to deliver consistent performance while lasting longer* in low-drain professional devices, including test equipment, UPC code readers, and wireless keyboards and mice.

PROCELL[®] LITHIUM COIN & PROCELL[®] HIGH POWER LITHIUM BATTERIES

PROCELL[®] Lithium Coin batteries deliver reliable and safe power to professional devices, while PROCELL[®] High Power Lithium Batteries can handle high rate discharge for a variety of applications, under intermittent or continuous drain. Both battery types are available at scale to power industrial devices.

*VS. PRIOR PROCELL[®] AA, AAA, C, D AND 9V BATTERIES

**HIGH-DRAIN DEVICES TYPICALLY OPERATE MOTORS, PUMPS, AND MECHANISMS THAT CREATE MOTION OR DISPENSE.

TURN PROFESSIONAL BATTERIES FROM A COST CENTER INTO A COST SAVER

PROCELL[®] understands how critical it is for professional end-users to drive the profitability of their businesses. When it comes to batteries, this can be achieved through minimizing costly battery replacements.

By conducting intensive device testing and analysis in our labs, PROCELL[®] has discovered that a way to dramatically extend alkaline battery life and cut replacement costs is to engineer device-specific industrial alkaline batteries, each with unique power profiles.

PART OF THE WORLD'S FIRST DUAL PORTFOLIO OF PROFESSIONAL BATTERIES

PROCELL[®] INTENSE POWER is a new battery range specifically engineered to deliver precise pulses of energy while lasting longer in high-drain professional devices*.

*VS. PRIOR PROCELL[®] AA, AAA, C, AND D BATTERIES

GRAINGER SKU	MFR #	DESCRIPTION	VOLTS	INNER PACK QUANTITY	CASE QUANTITY
55EC97	PX1500	AA	1.5V	24	144
60GV42	PX2400	AAA	1.5V	24	144
55EC95	PX1300	D	1.5V	12	72
55EC96	PX1400	C	1.5V	12	72

PROCELL[®]
PROFESSIONAL BATTERIES

FOR
**LOW
DRAIN
DEVICES**

**POWER YOUR
PROFITABILITY**

TURN PROFESSIONAL BATTERIES FROM A COST CENTER INTO A COST SAVER

Replacement of industrial batteries is commonly thought of as a cost center for businesses. On top of the cost of purchasing batteries, you have to pay a much higher cost for the labor to replace them. At PROCELL[®], we do not agree with this financial model.

PART OF THE WORLD'S FIRST DUAL PORTFOLIO OF PROFESSIONAL BATTERIES

PROCELL[®] CONSTANT POWER is a new battery range specifically engineered to deliver consistent performance while lasting longer in low-drain professional devices.*

By selecting the right battery to match the power needs of your professional device, you can make your batteries last longer* and replace them less often. This helps your business save money on battery and replacement labor costs.

SUPERIOR QUALITY AND RELIABILITY GUARANTEED

PROCELL[®] batteries are manufactured using superior cell design ensuring our highest quality cell construction. Batteries are tested in order to guarantee the highest quality and reliable performance. Environmental testing is also conducted to insure dependable and consistent use.

FROM PROFESSIONALS TO PROFESSIONALS

PROCELL[®] is supported by a global B2B-dedicated multifunctional team, including R&D, marketing and commercial teams.
